

Anderson Valley Sustainable Landscape Discoveries

Photo: Bill Kimberlin

A one day Adventure Seminar visiting three uniquely different private landscapes: a small family farm selling fresh organic produce throughout Mendocino County; a backyard garden with chickens, bees, vegetables, and herbs; and an apple farm regionally known for its wide variety of organic apples and cooking classes. And in the center of these discoveries will be a wonderful organic lunch at **The Apple Farm** in Philo.

Sunday • August 7, 2011

9:30 am to 4:00 pm

\$100 per person - includes lunch (limit 40)
